# CARE AND USE

## TAPWARE

All finishes are smooth, abrasion resistant, corrosion resistant, fade-proof and easy to clean. All finishes are super hard wearing surfaces that won't chip, peel or tarnish with normal use. All surfaces should be regularly wiped clean with non scouring, neutral wash solutions.

**Never use an abrasive cleaner.**

## ACRYLIC BATHS

The glossy/matte acrylic finish should be regularly wiped clean with non scouring, neutral wash solutions. Avoid abrasive cleaners or use mild abrasives sparingly if absolutely necessary.

## STONE RESIN BASINS AND BATHS

The gloss finish on these products is a generous layer of 'gel-coat' which should be regularly wiped clean with non scouring, neutral wash solutions. Lost luster can be returned using a similar range of products you might use to polish a car paint job. For severe scratching start with a cutting compound and only use wet and dry sand papers if absolutely necessary beginning with 1000 grit or 800 grit if required. Rub only very lightly with plenty of water to avoid scratching or penetrating the gel-coat surface layer.

The matte finish on these products should be regularly wiped clean with non scouring, neutral wash solutions or a mild abrasive as required. For severe scratching use wet and dry sand papers beginning with 1000 grit or 800 grit if required. Rub only very lightly with plenty of water to avoid scratching.

## CABINETS

Wood veneers, laminates or lacquered finishes should be regularly wiped clean with non scouring, neutral wash solutions. Never use an abrasive cleaner or petroleum based products.

## MIRRORS

For best results use a moistened microfibre cloth to remove dry dirt or grime, followed by cleaning with a dry microfibre cloth. Avoid using alkaline (ammonia) or acid (vinegar) based products you not only risk damaging the silvered backing of the mirror, but also tend to leave behind streaks and smears.

## TOILETS

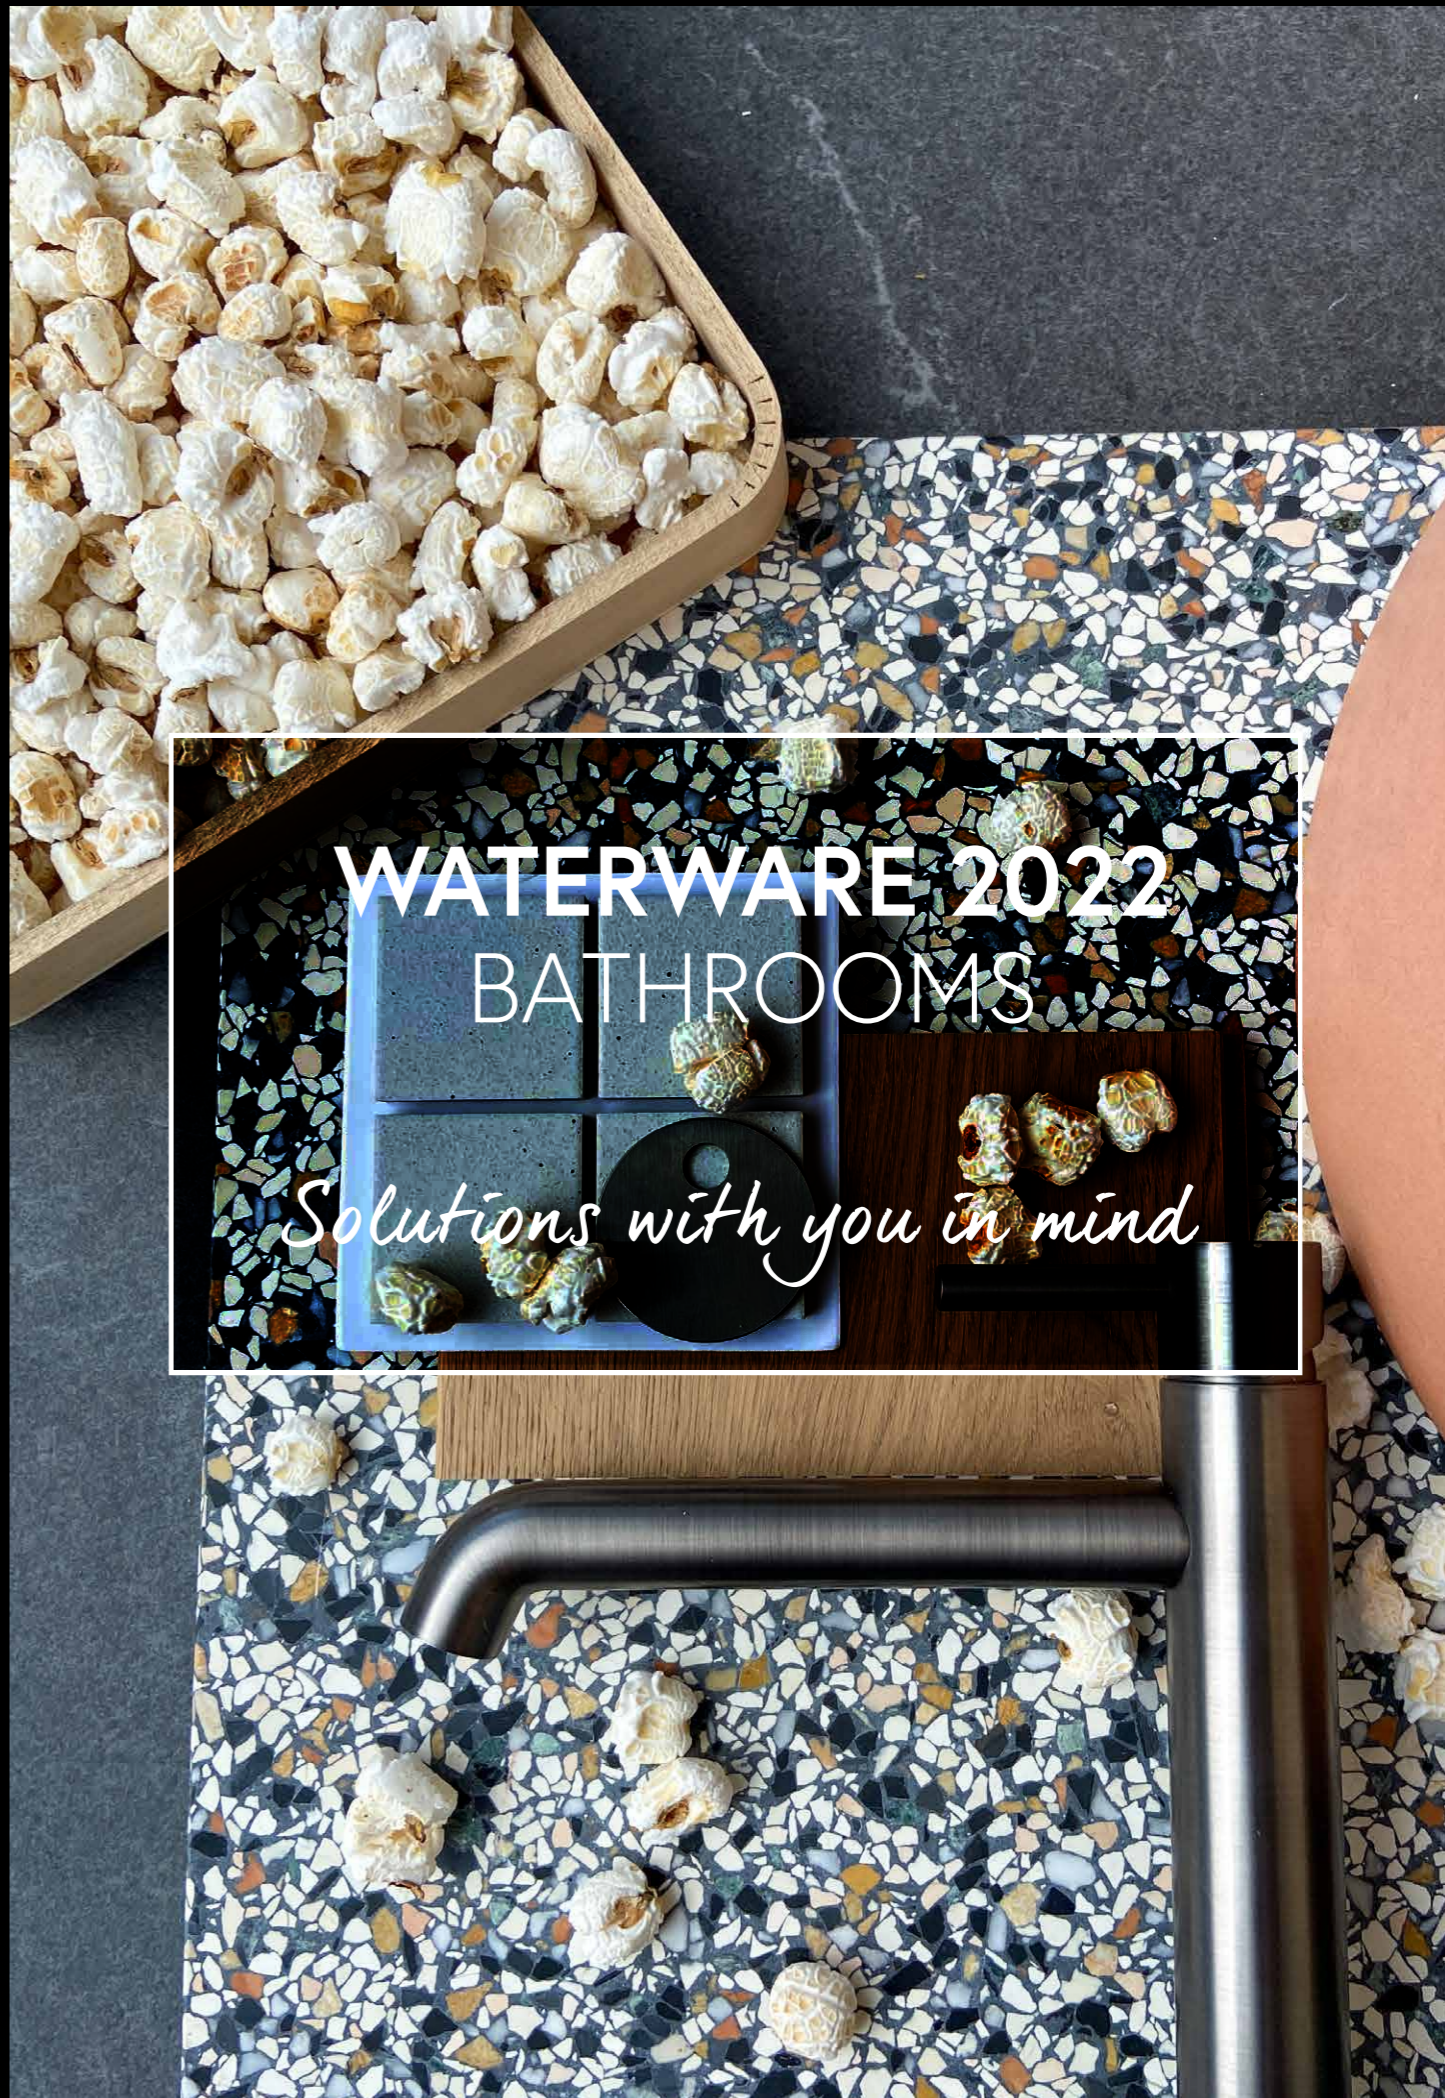

Vitreous china finishes are best cleaned with cream or mild abrasive toilet specific cleaners. Do not use harsh abrasives on the toilet seat surfaces.

# LIMITED PRODUCT WARRANTIES

To be read in conjunction with and subject to all terms and conditions contained in the Waterware 'Producer Statement' available online (<http://www.waterware.co.nz>)

## A MESSAGE FROM THE TEAM

Since 1989, our passion has been delivering quality in all things plumbing, central heating and cooling, and bathroomware.

Waterware is proudly New Zealand owned and operated. From the outset we've been supporting the market with technical and design knowledge, helping deliver solutions that are functional, intuitive and beautiful.

We're working hard to make your life easier. Waterware are innovators setting the pace in New Zealand with hydraulic radiance heating and cooling technology, high-performance plumbing fittings, and on-trend bathroomware.

### BATHROOMWARE

Hand-picked from across the globe, our bathroomware combines impeccable design and unmatched quality for looks that are sure to wow.

We've partnered with our factories to design products that Kiwis are proud to use, as well as introducing new materials and technologies to suit the local market.

### OUR COMMITMENT

We're on a mission to make lives easier with bathroomware solutions that look great and perform their best.

Waterware is constantly evolving to lead the market while reflecting our values of integrity, bold thinking, and genuine partnerships with everyone we interact with. We want to create environments of success for everyone involved.

We take special pride in our pre- and post-sales service experience, and our impressive network of business relationships around the world. Over the years, we've connected with thousands of like-minded partners to help us source products that suit our local market and perform better than any others.

Our products are supported by our extensive range of spare parts, and our in-house Installer Training and Warranty Assurance programmes, so you can rest assured that you'll be taken care of.

## WHAT'S ON TREND FOR 2022

For Millennia, interior design trends have been used as an ascetic aid in attempt to find some sort of inner peace. After our third consecutive year in a global pandemic, we have felt the direct influence that our homes have, on not only our moods but also our overall health and wellbeing, with interior design trends again focused on making us feel emotionally at ease.

Nature inspired shapes and finishes – With more time spent indoors, we are all seeking to strengthen our connection with nature. This has simultaneously inspired a resurgence in natural surfaces, textures and softer deeper colours.

Waterware's latest tapware release Cube (see above), is a minimalist square design but has lovely soft curved edges. The brushed nickel PVD plating gives a soft burnished look and feel, adding depth and warmth which looks great when paired with earthy browns; from cognac to burnt umber or equally at home with timbers and rich marbles.

# CUBE

The Cube range by TUNE shows that being square doesn't mean you can't round out the design. The Cube's soft curves and pinless handle is another example of manipulating design without interfering with function. With technology changing in cartridge design, the ease of movement has allowed us to design new handle shapes not traditionally used in wet areas. The lovely soft burnished finish in the brushed nickel PVD finish keeps things modern.

**CUBE** | BRUSHED NICKEL FINISH  
FULL TAPWARE RANGE AVAILABLE

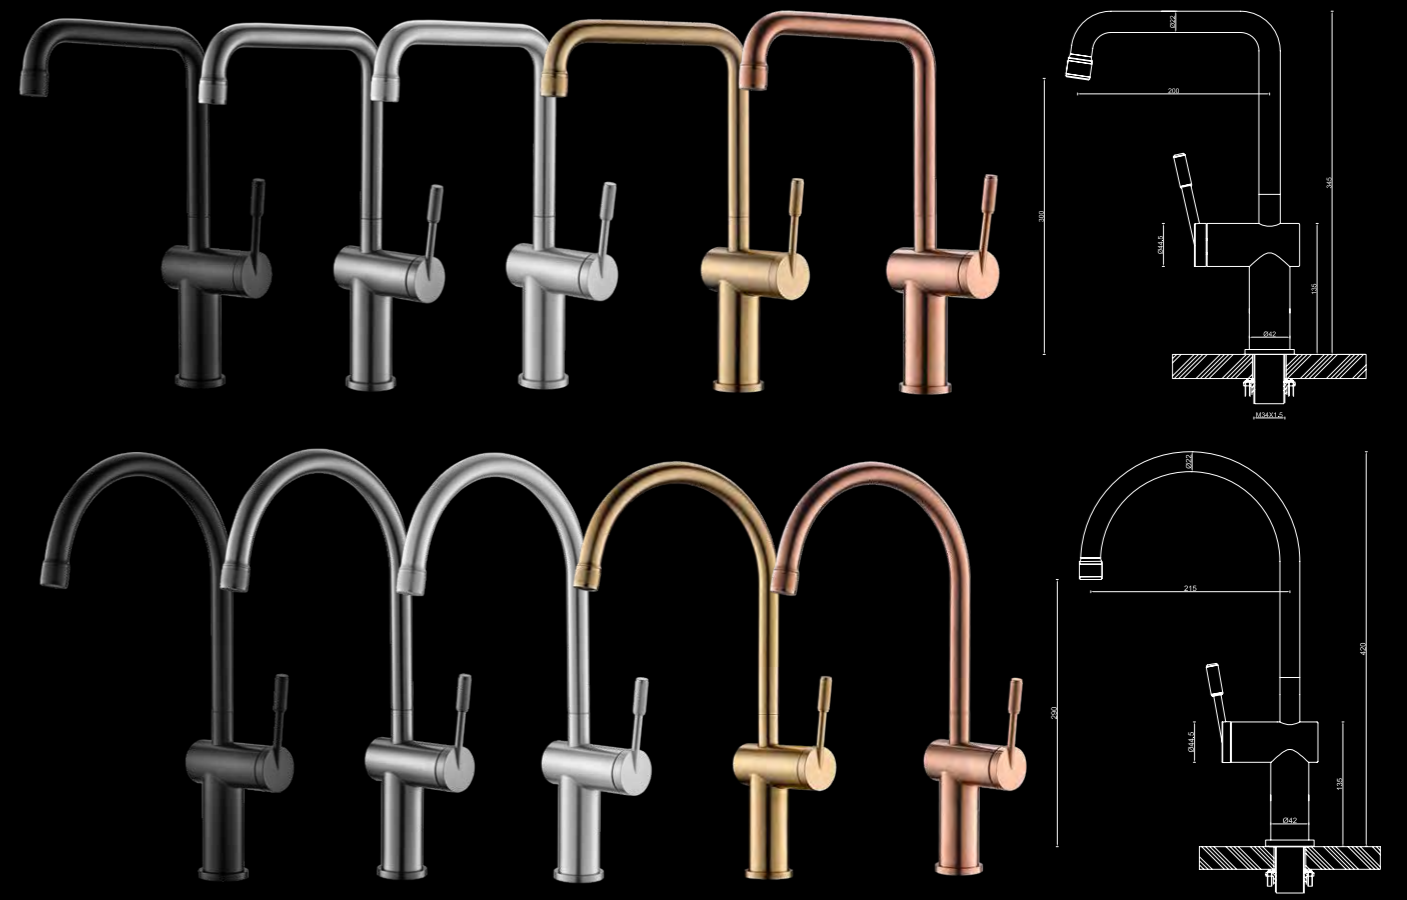

# RIVET

The Rivet kitchen mixer by TUNE is available with either a gooseneck or flat top spout - they have been thoughtfully designed with an elegant minimal handle depth that glides across the barrel, and includes a textured handle grip and aerator detail, bringing together both form and function in a stylish way.

**RIVET** | KITCHEN MIXERS (SQUARE NECK AND GOOSE NECK)  
AVAILABLE IN CHROME, BRUSHED NICKEL, BLACK, BRUSHED GOLD, BRUSHED COPPER, AND GUNMETAL.

# BUTLER

Like an outfit, it's often hard to find the right jewellery, and at Waterware we like to finish the job. The Butler accessory range has been designed to support a range of shapes and styles that we love and are available in the following finishes; chrome, brushed nickel/stainless steel, black, brushed gold, matte white, and gunmetal.

## BUTLER | ACCESSORIES

AVAILABLE IN CHROME, BRUSHED NICKEL, MATTE BLACK, BRUSHED GOLD, MATTE WHITE AND GUN METAL

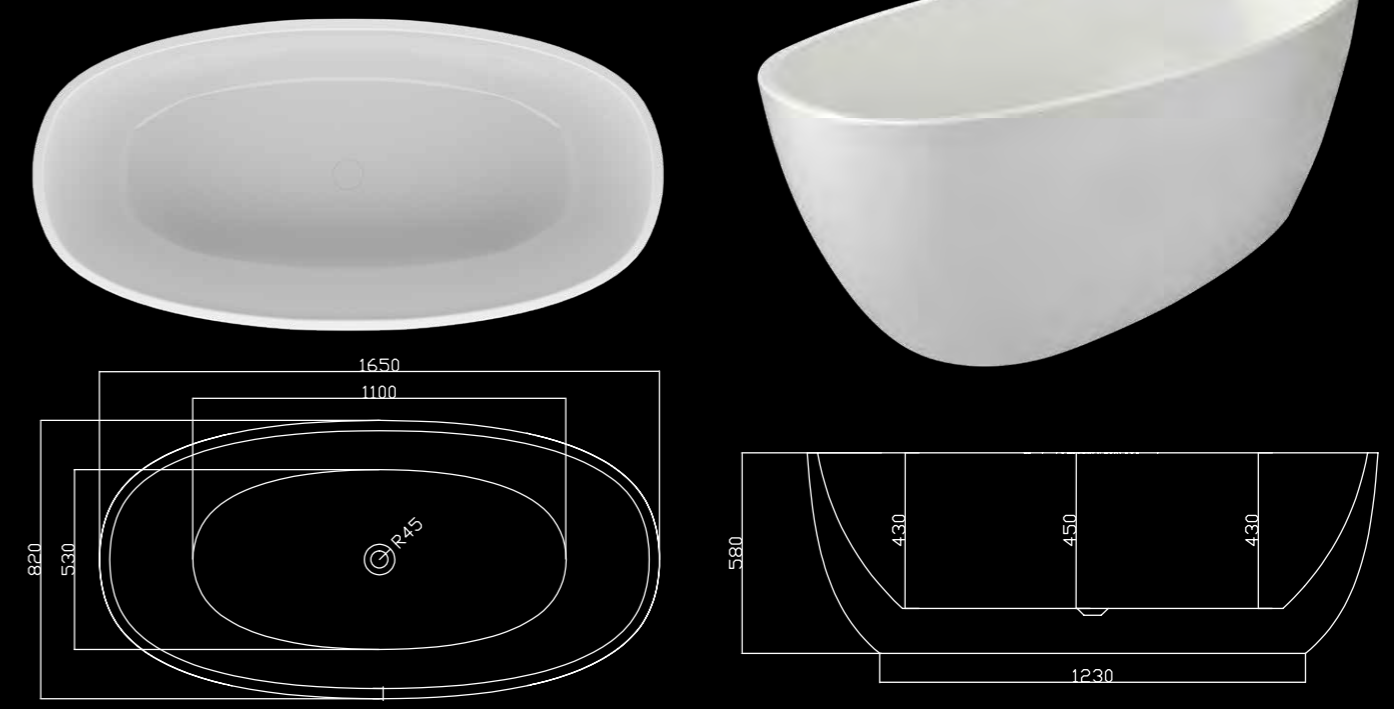

# DUBLIN

With a focus on new design and materials, we have further developed our popular freestanding bath in acrylic matte white. It delivers a timeless shape in a stone-like look and feel without the weight and cost of stone. The Dublin Bath joins The Smith Bath range to complete a New Zealand first, for freestanding, back to wall and corner baths in matte white.

## THE DUBLIN | FREESTANDING

AVAILABLE IN 1650MM MATTE WHITE FINISH

# BATHROOM

TAPWARE & ACCESSORIES

Our bathroom tapware and accessory catalogue is continually evolving with the trends to deliver high street style for inspired Kiwi homes.

Waterware tapware and bathroom accessories are manufactured to a high standard including premium quality ceramic disk internals ensuring years of trouble free service.

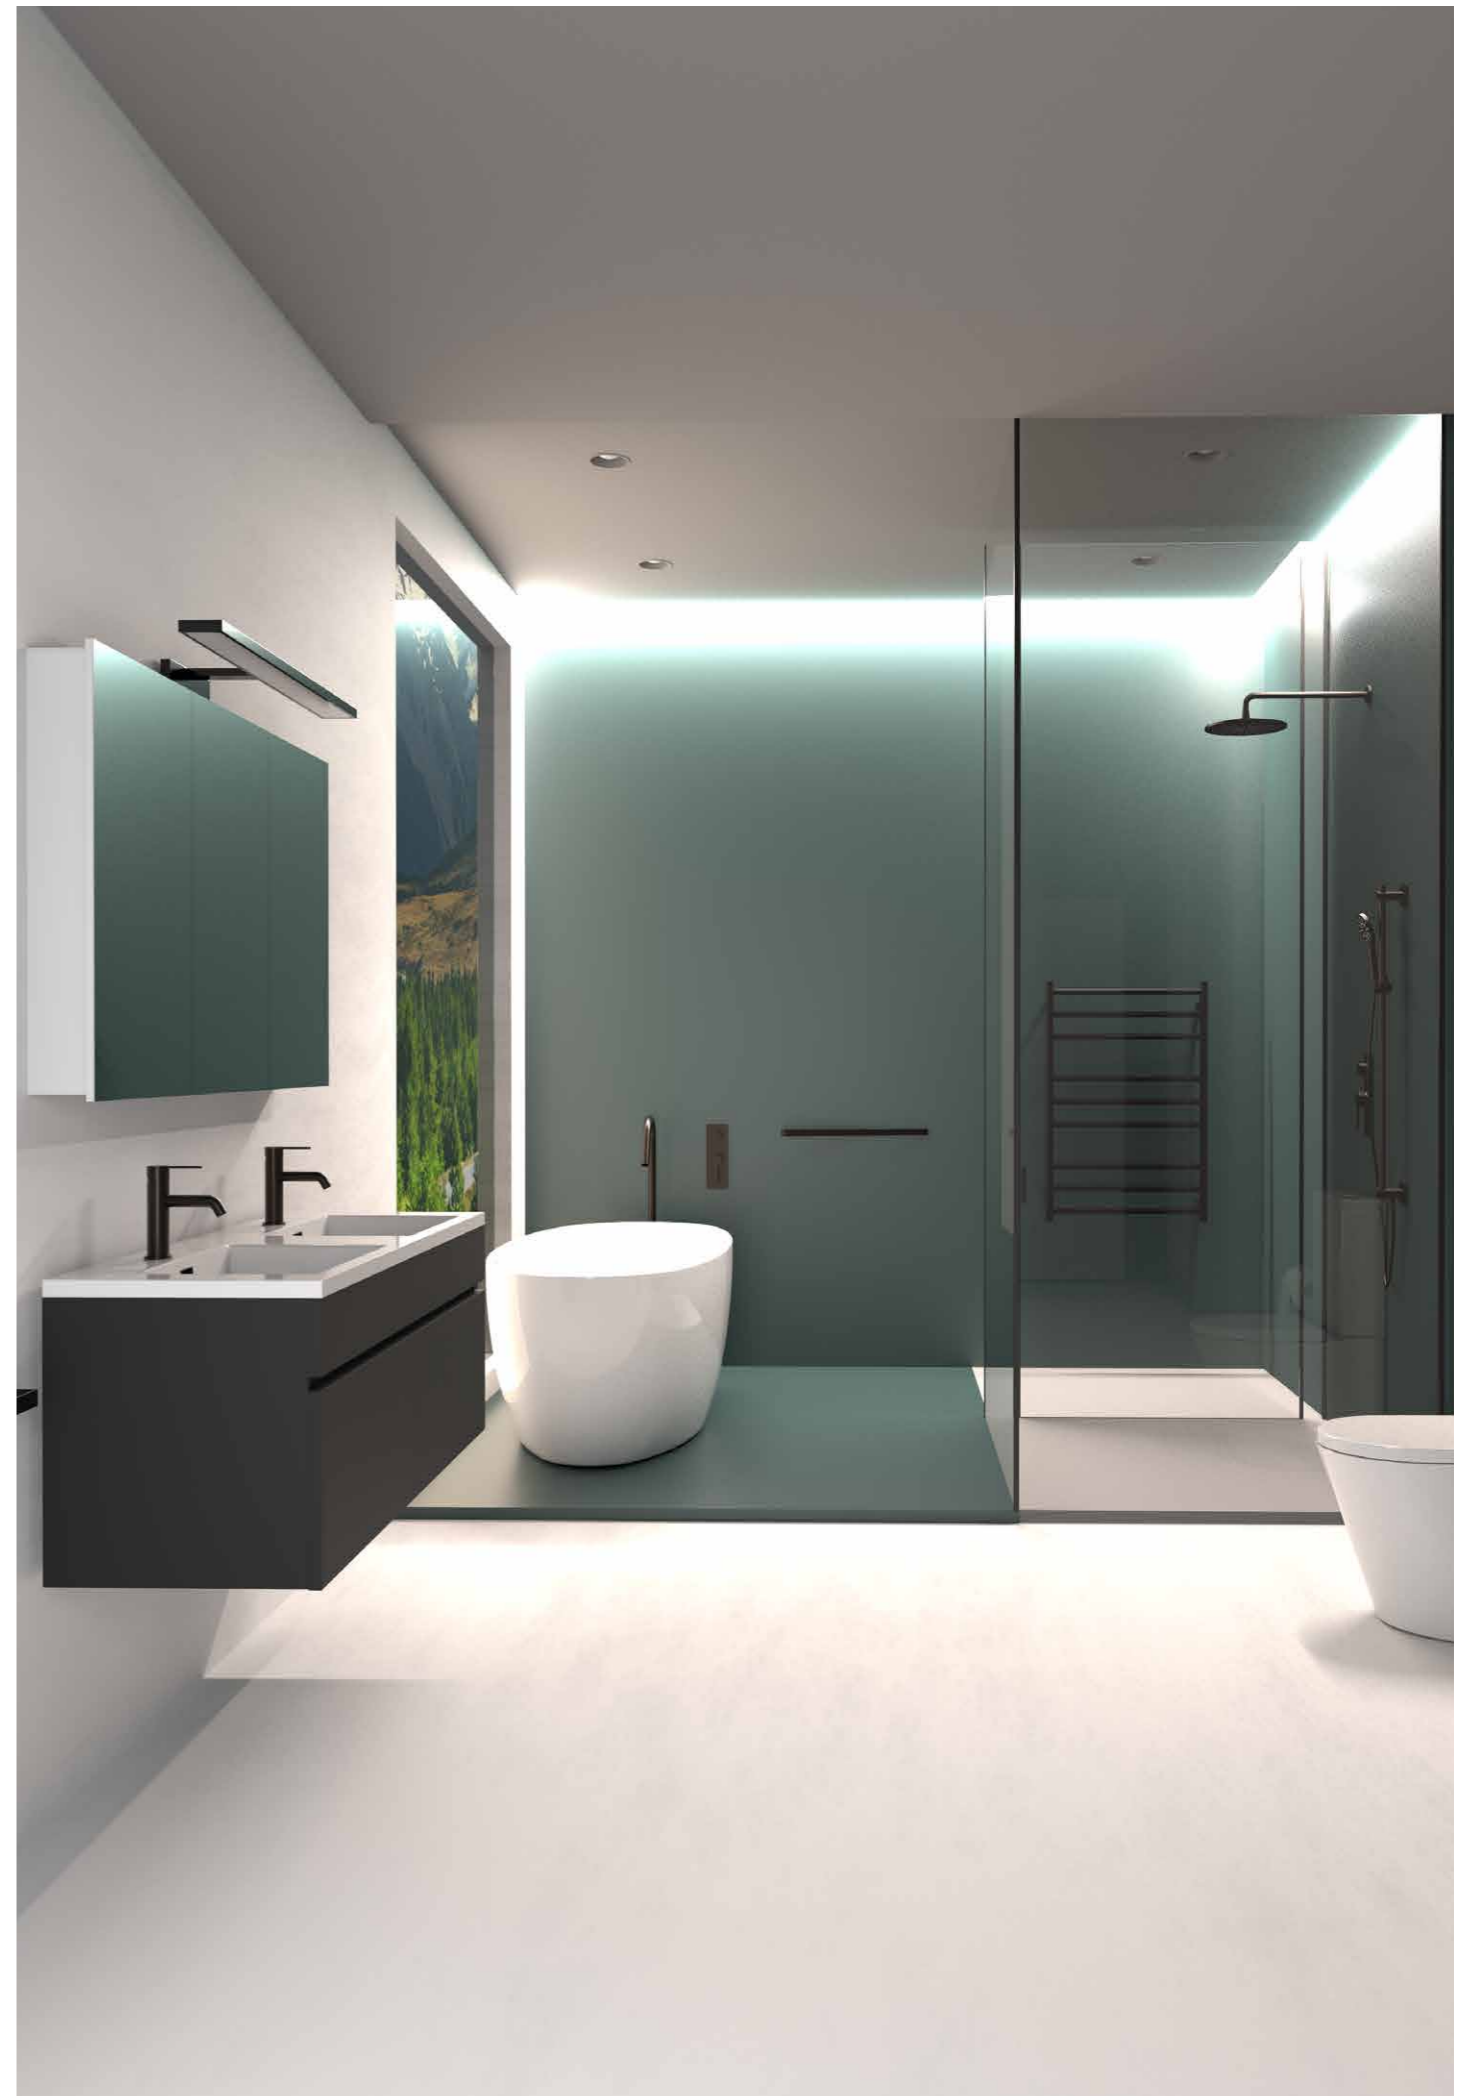

Finished to a high standard with smooth, easy to clean, corrosion resistant and fade-proof finishes. All models are designed to operate on a balanced high pressure hot and cold supply (mains pressure) between 200 - 500kPa.

Waterware tapware has been tested and approved in accordance with the NZ WELS testing standard.

# TUNE

The Tune tapware and accessories are a collaboration of cutting edge bathroomware ranges. Sourced by our design team whose love for interior style and international fashion push the boundaries for creating the perfect living space.

Dare to be brave. Dare to have fun.  
Dare to fine TUNE your pursuit of perfection.

## ELECTRIC HEATED TOWEL BARS HORIZONTAL

Electric towel bar with square mounting posts offer a unique collection focused on contemporary, geometric lines. Their pure flexibility in the number and positioning of the rails, they can be installed in multiples (sold separately) and connected in parallel to a common low voltage transformer (also sold separately). Complementing any surrounding of square and round fixtures, making it adaptable to any bathroom setting.

The concealed electrical connection is IP45 rated, can be orientated left or right hand and is manufactured and tested to AS/NZS 60335.2.43.

500mm; 12V / 9.3Watts / Maximum of 10 towel bars per transformer  
 650mm; 12V / 12.0Watts / Maximum of 7 towel bars per transformer  
 850mm; 12V / 15.6Watts / Maximum of 6 towel bars per transformer

# PROJECTS

Please talk to our sales team if you are working in this development space. Our collection of trade products offer good design and quality, with technical support and inventory tools to support large scale builds.

## PIONEER TAPWARE RANGE | CHROME, BRUSHED STAINLESS, MATTE BLACK, ANTIQUE COPPER, GUN METAL

Our latest release, Pioneer by Tune has been developed to support a move to lead-free conscious builds. Manufactured in stainless steel, both front of wall and mixing valves behind the wall. It has been designed to give the construction industry some style options with an extended colour palette, while meeting the desired price points. With future additions planned, offering further colours, a choice of faceplates and handle options including texture, detailing, keeping pace with our desire to offer unique solutions detailing.

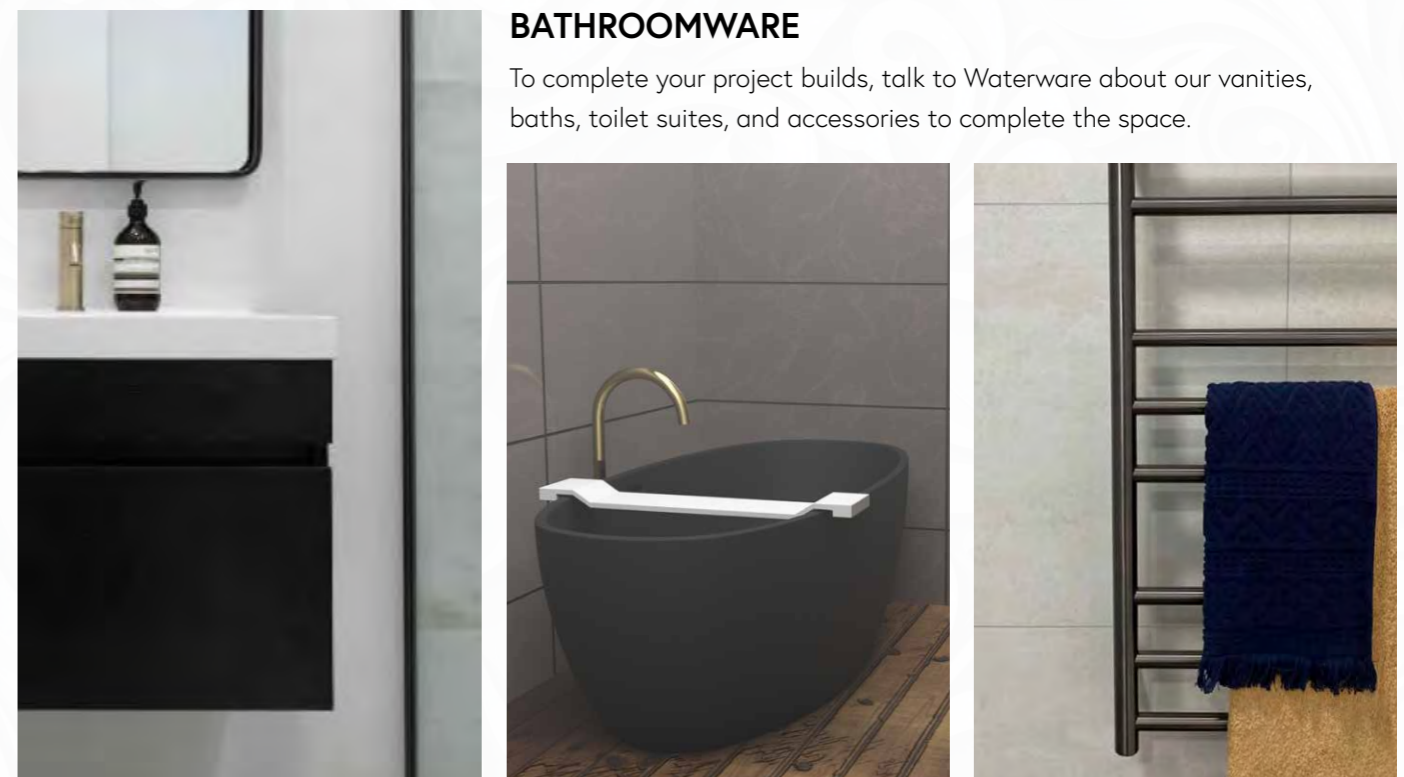

## PROJECT TAPWARE RANGE | CHROME, BRUSHED NICKEL, MATTE BLACK

With soft square styling and an on trend colour palette, the Project range offers a timeless look and feel with competitive pricing, supported with accessories and vanities to complete the picture.

## BATHROOMWARE

To complete your project builds, talk to Waterware about our vanities, baths, toilet suites, and accessories to complete the space.

---

Waterware bathroomware is manufactured to a high standard using high quality raw materials.

iStone basins, baths and tops have crisp sharp lines and are dimensionally perfect.

Cabinets are made from high quality low formaldehyde MDF, finished with real wood veneers or a glossy white lacquer paint. Drawers feature metal frame construction and Blum soft closing hardware.

Toilets feature heavy duty resin seats and quick release soft close stainless steel hinges.

---

**Waterware tapware is manufactured to a high specification featuring world renowned 'sedal' ceramic disk internals to ensure years of trouble free service.**

All models are designed to operate on a balanced high pressure hot and cold supply (mains pressure) between 200 - 500kpa.

---

**\*WELS 0 Star Unrestricted**

In our own kitchens we prefer the maximum flow to be a matter of user choice and therefore do not fit flow restrictors resulting in a WELS 0 star rating. However, flow restrictors may be requested at time of order if that is your preference.

# THE WATERWARE STORY

## We're Waterware

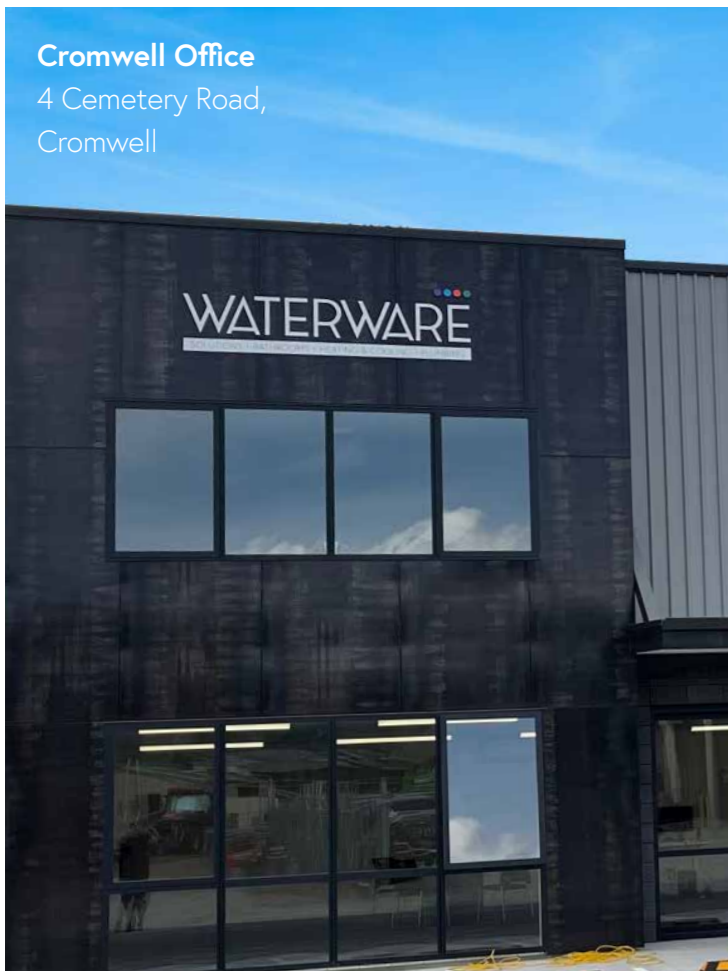

Since 1989, our passion has been delivering quality in all things plumbing, central heating and cooling, and bathroomware.

## Waterware is proudly New Zealand owned and operated.

From the outset we've been supporting the market with technical and design knowledge, helping deliver solutions that are functional, intuitive and beautiful. We're working hard to make your life easier. Waterware are innovators setting the pace in New Zealand with hydraulic radiant heating and cooling technology, high-performance plumbing fittings, and on-trend bathroomware.

**Auckland Office**  
54 Stonedon Drive, East Tamaki,  
Auckland

**Cromwell Office**  
4 Cemetery Road,  
Cromwell

## Our Commitment

We're on a mission to make lives easier with plumbing, central heating and cooling, and bathroomware solutions that look great and perform their best.

Waterware is constantly evolving to lead the market while reflecting our values of integrity, bold thinking, and genuine partnerships with everyone we interact with. We want to create environments of success for everyone involved.

We take special pride in our pre- and post-sales service experience, and our impressive network of business relationships around the world. Over the years, we've connected with thousands of like-minded partners to help us source products that suit our local market and perform better than any others.

Our products are supported by our extensive range of spare parts, and our in-house Installer Training and Warranty Assurance programmes, so you can rest assured that you'll be taken care of.
