Features

The ultimate heat transfer performance for pools and spas. When it comes to heat transfer solutions for your pool, Bowman delivers nothing less than optimum performance. Literally tens of thousands of our units are operating efficiently and reliably around the world, from spas and hot tubs to Olympic pools, in both commercial and domestic applications. Whether your pool uses conventional heating or renewable energy, the unique design and technology of Bowman heat exchangers will help you achieve faster heat-up times while reducing your energy consumption, costs and CO₂ emissions.
