

Technical Specification

- Tangential activators with aluminium fins, ball bearings and resin-coated EPDM vibration damping
- Stainless steel air filter
- Condensation tray with drain
- Copper-aluminum 2 pipe hydrophilic coated heat exchanger
- 1/2" Connection
- Sturdy casing manufactured from electro galvanised steel

Heating capacity: 0.9kW to 1.7kW @ 45°C

Cooling capacity: 0.8kW to 1.3kW @ 7°C

Noise: 22dB(A) to 45dB(A)

Air flow: 127m³/h to 365m³/h

Application

The Jaga Briza 12 Naked 520x720mm is used in heating & cooling systems to deliver hot or cold air and is installed mostly at point of delivery.

Features

BRIZA 12 are compact and quiet fan convectors in a slim design or for built-in installation. Briza is the best solution if you want to combine power with a sleek design. Jaga Briza fan convectors ensure the highest climate comfort while being energy-efficient and whisper-quiet. They bring every room up to temperature very quickly, both in winter and in summer.

This way you can enjoy an ideal indoor climate year-round.

- Also for residential projects
- Built-in EC motor for a much lower energy consumption and a longer service life
- Suitable for connection to any heat source
- Ideal in combination with heat pumps and low temperature systems
- Optimized cooling capacity due to the new hydrophilic protection of the copper-aluminum coil.
