

UFG16

PIPEX Underfloor Pex Pipe 16x2mm p/meter Green

PIPEX
THINK FLEXIBLE

Technical Specification

Thermal characteristics

Density: 351Kg/m³

Crosslinking degree: >70%

Rugosity: 0.007mm

Weight: 96g/m

Volume: 0.13l/m

Maximum service temperature: 95°C

Maximum temperature: 110°C

Heat reversal 120°C;1 hour: <2.5%

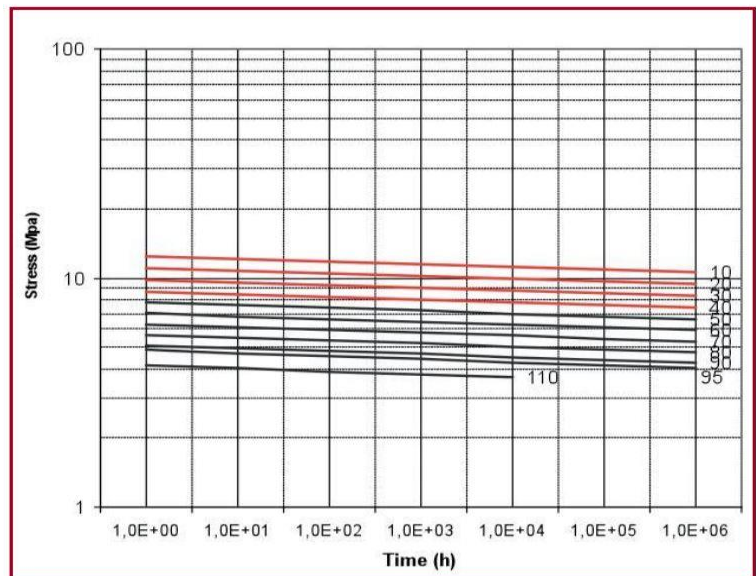

Mechanical Characteristics

Breaking strength: >22N/mm²

Elongation at break: >400%

Modulus of elasticity (20°C): >800N/mm²

Regression Curve Pex-A

Warranty

[Download the latest warranty statement](#)

Features

16mm OD x 2mm wall thickness

Weighs 96g/m, 7 times less than copper and 13 times less than iron in equivalent diameters

Aged life expectancy greater than 50 years

Note: Listed price is price per meter, and sold in 100m coils. If you require 100m, please make your qty 100m
