Features

In line with innovative trends and modern industrial design, the SEC/F fan coil range meets today's demanding requirements of performance, size, acoustics, low energy, ease of installation and maintenance. The SEC/F fan coil unit has been designed around a platform of models, versions and accessories.

- Features a centrifugal fan and equipped with electric motors dramatically reducing electrical consumption
- 6 speed motors as standard offering greater flexibility
- Two row LTHW coil giving improved outputs at lower flow and return temperatures.

- Optional support feet
- Optional manual or automatic fan speed controllers

Available in 3.9kW, 6.9kW, 9.2kW and 15.7kW
