- *options for compliance set out in section 19 of the Act (regulations, acceptable solution, verification method)*
- *standard or technical document that describes the performance of the building product or the relevant specifications to which the building product was manufactured*
- *physical properties of the building product*
- *how the building product is intended to be used.*

Limitations on the use of the building product:

This product is intended for domestic use only.

Design requirements that would support the use of the building product:

The unit is intended for use in domestic bathrooms
It is suitable for hot and cold water use, and with mains pressure systems
The unit is bench-mounted

Installation requirements:

The unit must be installed by a registered plumber.

Maintenance requirements:

This product is cleanable and impervious to moisture — cleaning shall be done in accordance with the manufacturer's cleaning instructions

Is the building product/building product line subject to warning or ban under section 26?:

Yes No

If yes, description of the warning or ban under section 26:

Date:

19/09/2023
