

HPVMEH

Vaillant aroTHERM Plus Heat Pump Hydrobox

Technical Specification

- Rated voltage 230V (+10%/-15%), 50Hz, 1~/N/PE
- Rated voltage 400V (+10%/-15%), 50Hz, 3~/N/PE
- Rated power, maximum 8.6kW
- Rated current, maximum, 230V 2.6A
- Rated current, maximum, 400V 13.6A
- Water content 8l
- Expansion vessel 10l
- Minimum operating pressure 0.5bar
- Maximum operating pressure 3bar
- Max. heating mode flow temperature 75°C
- Min. cooling mode flow temperature 7°C
- Sound power ≤ 29dB(A)

Warranty
