WITH MULTIPLE COLOUR PALLETS
AND ROUND, SQUARE OPTIONS

HEATED TOWEL LADDERS & RAILS

MORE THAN A PLACE TO HANG

At Waterware, we believe bathroom design should balance performance, efficiency, and refined aesthetics. Our heated towel ladder and rail collection has been curated to deliver exactly that; reliable warmth, premium finishes, and architectural form in both round and square profiles.

Whether you are designing a high-end residential bathroom, specifying for multi-unit developments, or completing a commercial project, this range offers flexible sizing, multiple colour palettes, and configuration options to suit modern interiors.

From full heated ladders to minimalist single rails and freestanding options, every product is designed for durability, ease of installation, and long-term performance.

OUR HEATED RAILS OPTIONS

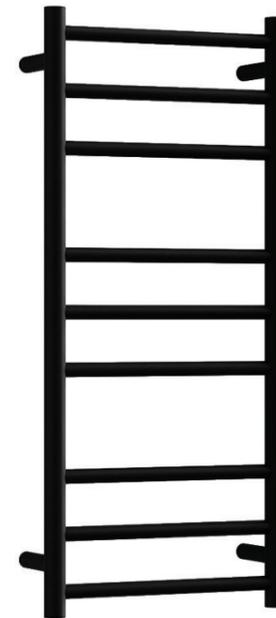

- Multiple contemporary finishes including *Chrome, Black, Brushed Stainless, Brushed Brass, Brushed Copper, Gun Metal, and more.*
- Round and square design options to complement tapware and accessories
- Ladder, single rail, vertical, horizontal and freestanding configurations
- Energy-efficient electric heating
- Suitable for residential and light commercial applications

Warm towels. Cleaner lines. Smarter design.

Discover a collection that transforms functional heating into a design statement.
